

AMAAN BUKHARI

New Milford, NJ 07646 | 925-350-9466 | amaanjbukhari@gmail.com | <https://amaanbukhari.github.io/>

PROFESSIONAL SUMMARY

CompTIA Security+ certified IT and cybersecurity professional graduating from NJIT in May 2026 and immediately available full time. Hands-on experience in vulnerability assessment, security governance, Active Directory, systems administration, and network troubleshooting. Proven top performer with nearly six years of supervisory experience and a track record of clear technical communication. Targeting SOC Analyst, GRC Analyst, and Systems Administrator roles.

CERTIFICATIONS

CompTIA Security+ SY0-701 | DVMS NIST Framework Foundation

TECHNICAL SKILLS

Security & Governance: Wireshark, Nmap, Nessus, OpenVAS, Elastic SIEM, Vulnerability Assessment, Penetration Testing, Incident Response, Log Analysis, NIST CSF, CISA CE, RMF, BCP/DRP

Systems & Infrastructure: Active Directory, Windows Server, DNS/DHCP, Linux/Windows CLI, VMware, VirtualBox, Docker, Cisco Packet Tracer

Scripting & Automation: Python, Bash, PowerShell, SQL, Git/GitHub

Other: OSINT, HIPAA Compliance, Technical Documentation, Cross-functional Communication

EXPERIENCE

Founder & IT Consultant | Pristia Group — New Jersey | Jan 2026 – Present

- Operate an independent IT services firm providing managed device support, PC builds, camera installation, and remote monitoring for small business clients.
- Manage end-to-end client engagements including needs assessment, hardware procurement, system configuration, and ongoing technical support.

Systems Sales Specialist | Micro Center — Paterson, NJ | Jan 2025 – Present

- Ranked #1 in revenue and customer satisfaction; earned early promotion to Systems Specialist within 6 months of hire.
- Advise consumers and small business clients on full system builds, custom PC configurations, and enterprise-grade hardware; translate complex technical specifications into clear purchasing decisions.
- Provide frontline technical support to 30-40 daily customers, diagnosing hardware, software, and connectivity issues across desktops, laptops, and peripherals.

Cybersecurity Intern | Solutions3 — Wyckoff, NJ | May 2025 – Aug 2025

- Built a NIST/CISA-aligned security governance program including asset inventory, MFA deployment, access control policies, and data classification standards.
- Ran Nessus and SecurityScorecard scans with OSINT recon; maintained a live risk register that raised the client security rating from C to A.
- Led a phishing tabletop exercise with Wireshark PCAP analysis; produced IOC reports that reduced simulated response time by ~50%.
- Authored BCP/DRP documentation and a formal penetration test report covering AD SMB misconfigurations, attack methodology, and remediation steps.

Shift Supervisor | CVS Health — River Edge, NJ | Apr 2019 – Jan 2025

- Supervised daily store and pharmacy operations in a high-volume retail environment; led teams and improved workflow efficiency by 15%.
- Maintained pharmacy software systems in strict adherence to HIPAA compliance; ensured security and accuracy of prescription and patient data.
- Diagnosed and resolved time-sensitive technical issues including POS disruptions and hardware malfunctions to ensure uninterrupted operations.

PROJECT EXPERIENCE

PolicyScope – Chrome Extension | Project Manager & Architect | 2026

- Built a Chrome extension that scans terms-of-service on any webpage, detects and groups clauses by type, highlights them inline, and uses an AI API for plain-language summaries.

Distributed SaaS Platform – This Is Music | Infrastructure Engineer | 2026

- Deployed a multi-VM Linux environment with RabbitMQ, MySQL, and Flask; built Bash orchestration scripts and SSH-based health checks across three nodes.

Enterprise Network Penetration Test | Security Analyst | 2025

- Penetration tested a multi-host lab environment (Linux, Windows, Active Directory); identified AD misconfigurations allowing Guest access to a Domain Controller; authored a formal pentest report with risk ratings and remediation steps.

EDUCATION

Bachelor of Science in Information Technology — May 2026

New Jersey Institute of Technology, Ying Wu College of Computing | GPA: 3.89 | Dean's List
